About me

Computer engineering student eagerd to expand the limit of programming and designing

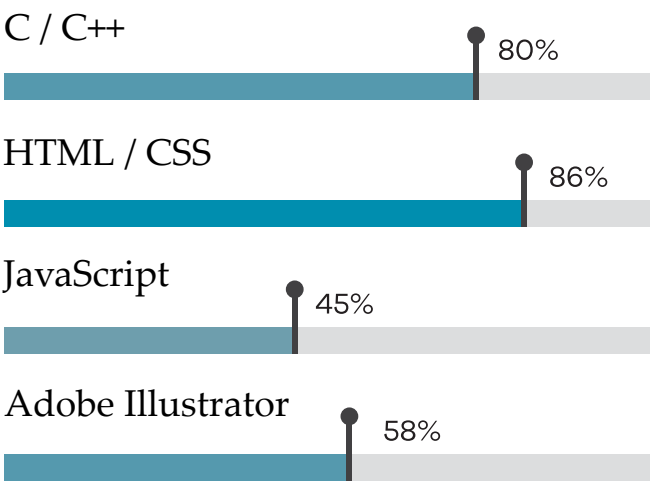

Intrested in Web Development and designing.

I like to play Games so that means, Failure doesn't mean the game is over, it means try again with experience.

Personal skills

- > Sociability
- > Punctuality
- > Creativity
- > Positivity

Professional Skills —

Education

HSEB (+2)
Uniglobe College
Kamaladi, Ganeshthan Kathmandu, Nepal
2071-2073

Bachlor in Computer Engineering
Advanced College of Engineering and Management
Kopundole, Lalitpur, Nepal
2071-Present

Experience/Projects

Image Encryption and Decryption
We as a team of three constructed a Image Encryption and Description using AES, bit-level and RSA as our minor project. G- Colab was used as main platform to construct.

Contact Map Prediction of Protein Using Deep Learning
We as a team of four are currently undertaking this project as our major project. Training and build is done using various APIs on python like Keras and Tensorflow

Hobbies
